

Nakamichi® DRAGON 11.4.6 Quick Start Guide

Watch set-up video here:
bit.ly/dragon-unboxing-setup

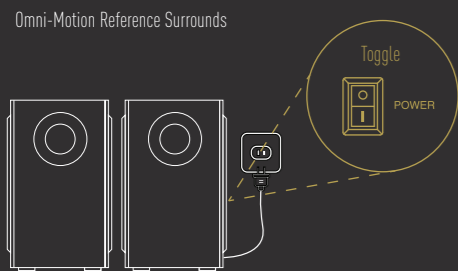

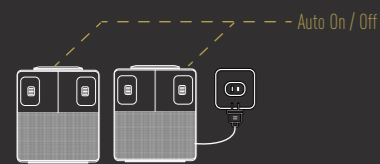

1 Get Best Performance: Establish a Fresh HDMI Connection Between DRAGON and TV

- Disconnect **ALL** HDMI cables connected to TV and DRAGON.
- Leave devices unplugged from power for 5 minutes.

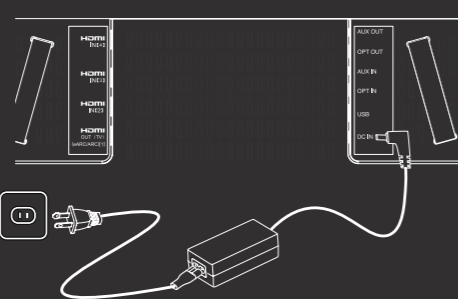

2 Power up DRAGON

Quad Subwoofers

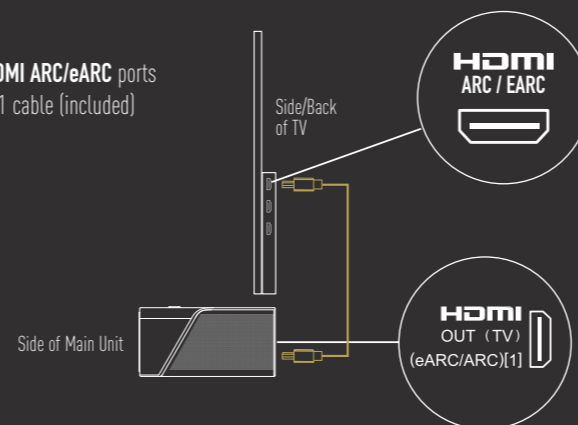

Subwoofers turn off automatically when main unit is shut down.

Bottom of Main Unit

3 Connect DRAGON to TV

Connect DRAGON to TV via **HDMI ARC/eARC** ports using the Nakamichi HDMI 2.1 cable (included)

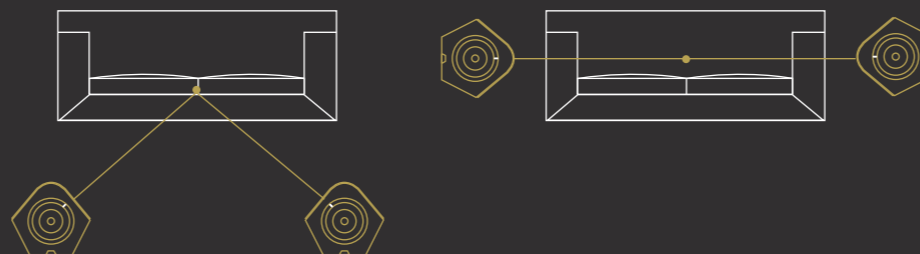

4 Connect Source Devices

- Connect to DRAGON: Gaming consoles, streaming devices or blu-ray players
- Connect to TV: Satellite and cable TV boxes

5 Enjoy an Authentic 3D Home Cinema Experience

Rotate the PerfectHeight mechanism on the top of each surround speaker. Point line towards the center of your listening area.

Input

Press "TV" when watching TV or devices connected to TV.

Press "HDMI 2 / 3 / 4 / Optical / Aux / BT" for other sources.

Surround Modes: For true 360° sound

SURROUND: For all Dolby (incl. Atmos) and LPCM 5.1/7.1 content.

DTS NEURAL:X: For all DTS content. DTS:X content will be rendered as DTS:X PRO.

STUDIO: Side surround speakers in the main unit are repurposed as left and right channels, enhancing front soundstage while applying the same channel upmixing fundamentals as above.

Enjoy

A. Sound Check

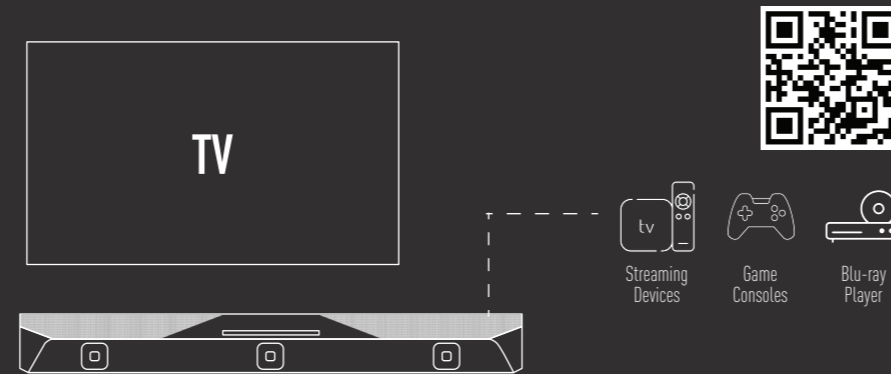

Power on system. Press "D" at the top of the main unit to hear DRAGON demo tracks.

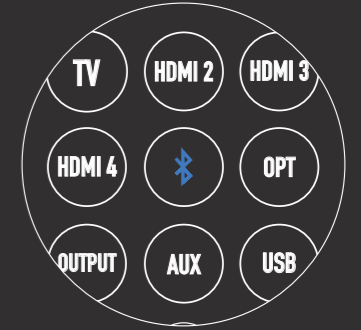

B. Maximize Device Performance

Apply device-specific recommended settings.

Scan the QR Code on the right or visit: <https://bit.ly/dragon-perfect-device-matching>

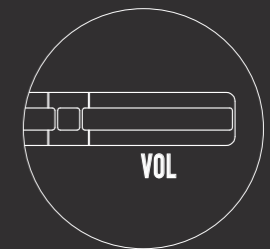

Bluetooth Wireless Streaming

1. Enter Bluetooth pairing mode on your device to make it discoverable.

2. Press on your remote. Then, press and hold until BT blinks rapidly on main unit's LED display.

3. Search for DRAGON, then pair / connect to it.

4. Control volume using your device or DRAGON's remote control.

Register Your Warranty

<https://bit.ly/dragon-product-registration>

Bluetooth connection from TV to soundbar does not support surround sound. Always connect your TV to DRAGON via HDMI eARC/ARC.

In Bluetooth input, the surround mode is automatically switched to **All Channel Stereo**, ensuring that audio plays from all speakers. The default EQ (**Music 1**) will also be applied.
